1. Network dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply. Photo ID and ring tone assignment to the Address Book entries, must be saved on the phone and not the SIM card.

2. All talk and standby times are quoted in Digital Mode, and are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other application usage patterns.

3. Network and/or SIM card dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply. Wireless email functionality requires an email account with wireless server capabilities.

4. Bluetooth is a low-power, short-range wireless technology that enables certain types of wireless communication between compatible Bluetooth-enabled devices. In order for Bluetooth devices to communicate with one another, they must utilize the same Bluetooth profile. This device supports Bluetooth hands-free and handset profile. To determine the profiles supported by other Motorola devices, visit [www.motorola.com/bluetooth](http://www.motorola.com/bluetooth). For other devices, contact their respective manufacturer. Certain Bluetooth features including those listed may not be supported by all compatible Bluetooth-enabled devices, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality.

5. Data transmission speed is approximate and depends on the traffic on the network. Actual speeds will vary and are often less than the maximum possible.

6. Airtime, data charges, and/or additional charges may apply to applications. Certain applications or features may not be available in all areas. Some listed applications may be trial versions. See your service provider for details.

7. The unauthorized copying of copyrighted materials is contrary to the provisions of the Copyright Laws of the United States and other countries. This device is intended solely for copying non-copyrighted materials, materials in which you own the copyright, or materials which you are authorized or legally permitted to copy. If you are uncertain about your right to copy any material, please contact your legal advisor.
